# MEASURING GUIDE & TIPS

## HOW TO MEASURE:

Have someone else measure you. Keep tape straight but not tight. Measure over undergarments or other clothing that will be worn under your uniform. If your measurements fall between two sizes, order the larger size. Nonstandard sizes (sizes outside the size ranges shown) are available upon request. Additional manufacturing time required -- allow up to 60 days.

### CHEST / BUST

Measure around the fullest part of chest, keeping tape up under arms and across the shoulder blades.

### WAIST

Measure around the smallest part of the natural waistline. Hold tape firmly but not tightly. Keep the tape level and be sure to stand naturally.

### HIPS

Measure around the fullest part of hips. Hold the tape measure firmly but not tightly.

### SLEEVE

Measure from center of neck of back collar, over the shoulder, along arm, behind elbow, to wrist bone
